Please look at it, but don't invest much time in it until we figure why we are down by this. Clearly the state does not want it

Hi Phil - I have been in and out of meetings and whatnot and haven't had a chance to focus on the emails and circle back to this. should I still look at the language from this morning?

I know we sent you some language this morning to look at. We just had our biweekly with the state and after the call I was reminded that we did have similar language in our MOA not related to the off ramp process. The state had asked us to take it out since they did not want to take on that roll.
